GUN CARE

- Calibrated to your calibers
- Fully compatible product range

- Individually combinable
- Simple application

BoreBlitz

The #1 brushless barrel cleaner.

INTERNATIONALLY
PATENTED!

PROFESSIONAL GUN CARE IS OUR HUNTING GROUND!

For more than three decades, Niebling gun care has been synonymous with high-quality gun cleaning and gun care products in civil, governmental and military applications. As an efficient, high-quality manufacturer and sales partner, in addition to largescale consumers and specialty retailers, we serve public authorities and military agencies around the world. Using our own production facilities and many years of development experience, we are able to meet our customers' needs with speed, flexibility, and quality consciousness.

For example, gun care sets can be individually developed and combined according to customer requirements, and then provided with the customer's logo or specially created labels.

We attach much importance to high product quality, easy handling and full compatibility among all products. Whether for sport shooters, hunters, or military actions, with Niebling, you're in the right hands when it comes to gun cleaning and care!

COMPATIBLE PRODUCT PROGRAM

Discover our fully compatible product program with one thread type. Optimized cleaning for all calibers from .22 / 5.56 mm - 40 mm and all the way up to 12 gauge. Easy to use, flexible and all-in-one!

100% COMPATIBLE FROM CALIBER .22 / 5.56 mm to 40 mm

CALIBRATED TO YOUR CALIBER

All Niebling products are precisely calibrated to inner bore diameters. This results in the maximal cleaning effect and the least possible source of damage to the bore.

ALL THREADS WITH INSERTION AID

Using our practical insertion aid for pre-adjustment, you can easily and securely screw our threads or brushes, even under difficult conditions (for example, with oily, dirty fingers, or with thick gloves)!

Compared to conventional threads, the insertion aid also ensures a higher degree of stability and strength.

CALIBER .17 / 4,5 mm PRODUCT RANGE

With an outer diameter of 4 mm and an M3 thread you'll find a fully compatible product range for caliber .17 / 4,5 mm. Our brushless and metal-free bore cleaner 'BoreBlitz' is also available.

General safety and cleaning instructions

1. Ensure firearm safety.
 - a.) Always point the muzzle in a safe direction.
 - b.) Remove the magazin.
 - c.) Check there is no ammunition or obstacle in the mechanism or barrel.
 - d.) During cleaning make sure noone has access to parts or ammunition.
2. Use clean tools and cloths only.
 - a.) Felts, patches or wicks should only used once, before beeing replaced.
 - b.) Keep your ultility tools like rods and brushes clean.
3. Make sure not to cant cleaning tools or force them into parts.
4. Should your firearm not work 100% as intended after reassembling, contact your retailer or a gun workshop.

Take care!

ONE-PIECE OR TWO PIECE RODS... 0.2" / 5 mm OR 0.24" / 6 mm?

Niebling cleaning rods are available in 0.2" / 5 mm and 0.24" / 6 mm diameter with the same thread size.

Our 0.2" / 5 mm cleaning rods are designed for bore diameters from cal. .22 / 5.56 mm on.
From cal. 27 / 6.3 mm upwards we recommend using the Niebling cleaning rods with 0.24" / 6 mm diameter.

We recommend one-piece rods for cleaning shoulder arms with long barrels.

If you intend to clean handguns with Niebling GunCare products we recommend our multi-part cleaning rods. The handling is easy plus you are working at maximal stability. In addition the multi-part cleaning rods are portable, do perfectly fit into our Niebling GunCare bags and are the best choice for mobile application.

! Using our single-part extensions you can adjust your existing Niebling cleaning rod exactly to your needs. E.g. when you purchase a rifle with a longer barrel.

The Niebling compatibility policy is your advantage!

Rod diameter: 0.20" / 5 mm - from cal. .22 / 5.56 mm

One-piece, spring steel, plastic coated

1

Rod diameter approx. 0.20" / 5 mm, plastic handle rotatable with multiple ball bearings, from cal. .22 / 5.56 mm

The stop washer avoids damage of the bore by pushing it too deep into the chamber.

Pink Hunter
Bag Edition!

... and more Niebling
bags on page 17!

We always recommend using two Niebling cleaning felts for one go. Twist the first one onto the holder to lock it in place. Plug the second felt onto the tip of the holder.

By pushing them through the bore residue, dirt and dust will be transported to the muzzle. Pulling back causes the upper felt to fall off the holder, avoiding the dirt to be distributed back into the bore.

9

(Illustration sample)

Our cleaning fluid 'Pulpo' comes with our cleaning kits and is available seperately as well.

Other than most CLP liquids on the market Pulpo is not a lubricate, but a fluid.
Niebling-Pulpo contains a smaller amount of oil. This results in a much more economical application. The proportion of oil still is large enough to ensure the needed lubrication.

Niebling Pulpo can also be used for short term conservation of your firearms.

We recommend Pulpo if you prefer the best cleaning result without using aggressive detergents.

Cleaning fluid "PULPO"

Small containers

1	Dripper, plastic, black Filling quantity ca. 0.5 fl oz (15 ml)	9-000.46.02

Niebling Custom Kits

INDIVIDUAL, JUST LIKE YOURSELF!

Every shooter has his or her preferences and needs. With our Niebling Custom Kits you can pick exactly what you want in your cleaning kit and of course calibrated to your calibre.

Our M4 thread ensures all components from caliber .22 to 40 mm are fully compatible. Adding f.e. only two bronze brushes makes our base kit 'Custom' your cleaning kit for two calibers.

You decide whether you prefer cleaning with felts, brushes or patches.

Niebling Custom Kits save space and money without giving quality and reliability a miss.

The base Custom Kits contain a 0.2" / 5 mm diameter multi-part cleaning rod with and extensions. Also included is our cleaning fluid 'Pulpo', a bore mirror to check the condition of the inside of your barrel and a universal utility cleaning brush.

Make your Kit out of it!

Ideal for one to two caliber sizes:

Individual cleaning kits

Contents:

- 1x cleaning rod handle, multiple ball bearings, 0.20" / 5mm diameter
- 4x extensions (max. usable length approx. 32" / 810 mm)
- 1x Bore Mirror
- 1x 30ml Pulpo cleaning fluid spray
- 1x universal cleaning brush

1	Custom with Molle bag 5.12" x 7.87" / 130 x 200 mm	9-556.72.40
2	Custom Maxi with bag 9.84" x 11.42" / 250 x 270 mm	9-556.72.41
3	Custom with Molle bag 5.12" x 7.87" / 130 x 200 mm	9-556.72.42
4	Custom Maxi with bag 9.84" x 11.42" / 250 x 270 mm	9-556.72.43
